PRICE THREE CENTS

CHIEF FOES OF H. C. L. DECIDE TO TAKE A CHANCE

Mr. and Mrs. Howard E. Figg.

WASHINGTON.—(Special)—Old high cost of living may not be so bad after all.

At all events two of Old Hi's bitterest enemies are going to take a chance.

This is disclosed through announcement of the marriage of Howard E. Figg and Miss Edith Strauss, in Salinas, Cal., a few days ago.

Figg is a special assistant U. S. attorney general in charge of all campaigns directed against profiteering. His "big boss" is Attorney General A. Mitchell Palmer.

The bride is field agent in the same department. She is in control personally accompanied them.

## RIOTING RENEWED IN BELFAST

Nationalists, Unionists, Shipyard  
Workers and Soldiers Clash

## LIST OF CASUALTIES HEAVY

Sinn Feiners Finally Routed by  
Armored Car

BELFAST.—(By Associated Press)—Fighting was resumed here Wednesday between Nationalists, Unionists, shipyard workers from the Shankhill district, and troops. Heavy firing continued nearly half an hour, and it is said the casualty list is heavy. The fighting centered about North-st.

That thoroughfare was thronged with shipyard workers at eight o'clock. Suddenly there was a series of revolver shots apparently coming from Millfield, which is the center of the Nationalists' streets abutting on North-st. Nearly military pickets rushed to the scene, took shelter behind walls and poured in a fierce fire which was returned by snipers.

The battle was accompanied by the shrieking of mill and foundry sirens. Matters finally became too hot for the Sinn Feiners and they were dislodged with the aid of an armored car. The shipyard workers in their zeal to help the soldiers became a nuisance and the commanding officer asked them to withdraw.

Tram cars caught between the opposing forces ran a gauntlet of bullets, the drivers cowering over their wheels and the passengers lying on the floors.

## MOTHER OF BRIDE FLOWS HUBBY

New Son-in-Law Horse-Whipped  
at Chicago Station

CHICAGO.—(By Associated Press)—Harry R. Daniel, secretary of S. W. Straus and Company, New York, Wednesday was on a homeward trip to Decatur, Indiana, bearing the marks of a horse-whipping bestowed by the bride's mother Tuesday in the crowded union station here.

Mrs. Charles M. Cooper, of Indianapolis, mother of the bride, met the Minneapolis train, on which her daughter arrived, simultaneously with the appearance of Daniel.

When Miss Cooper ran to Daniel with an affectionate greeting, Mrs. Cooper drew a blacken face from under her coat and began slapping Daniel. Detective Sergeant Terence Kelly, whom Mrs. Cooper had brought along to break up an expected elopement, also got in the path of stray lashes.

In spite of parental objections, Daniel and Miss Cooper secured a license and were married when police refused to interfere on learning Miss Cooper would be twenty years of age next Sunday. Daniel gave his age at the license bureau as 46 years.

Daniel said he had brought his sister, Mrs. C. C. Shaffer, of Decatur, to Chicago and had planned merely a brief visit with his fiancee, but the marriage was really precipitated by Mrs. Cooper's action.

The bride's father, Charles M. Cooper, is an Indianapolis manufacturer.

## POLES REFUSE TO HEED U. S. NOTE

Won't Agree To Stop at Boundaries As Requested

## GOVERNED BY "STRATEGY"

Polish Forces Continue Gains  
Against the Bolsheviks

WASHINGTON.—(By Associated Press)—Poland has answered the admonition of the United States that the Polish armies halt at the ethnographic frontier of Poland, with the statement that strategic lines must govern Poland's frontiers.

Formal reply from Warsaw to the recent American note was handed to the state department Tuesday by the Polish minister.

While official comment was lacking, it was learned that the Warsaw government, altho expressing agreement with the American contention that Russian territory should be respected, pointed out that it was forced to consider serious consequences which might result should the Polish counter-offensive against the Soviet armies stop at a fixed line without satisfactory guarantees from Soviet authorities.

## CTES RUSSIAN ACTS

The Polish note, it is understood, calls attention to the fact that Poland's frontiers had been violated by the Bolsheviks in the drive toward Warsaw at the British government's behest.

Gratification at the position taken by the United States in the note to Italy on the Russian-Polish situation is expressed by the Polish government.

The second part of the note is devoted to discussion of the suggestions made by the United States proposing that Poland announce her intention to halt the counter offensive on the line fixed by the supreme council as the ethnographic boundary of that country.

## POLES SWEET ONWARD

WARSAW.—(By Associated Press)—Polish forces advancing toward Grodno have nearly reached the banks of the Neiman river, which flows past Grodno toward the north, according to reports from the northeastern front.

The greater part of eastern Galicia has been recovered by Polish and Ukrainian troops, who are masters of all the left bank of the Dniester river.

Pursuit continues of the Bolshevik forces which appeared along the upper reaches of the Bug river near Sokal.

In the region of Przemyslany, 25 miles southeast of Lemberg, the Poles have scattered Soviet forces that attempted to start an offensive operation.

General Pawlenko's Ukrainian column which crossed the Dniester south of the city of Buczacz has developed their offensive successfully, obliging the Bolsheviks west of the Sereh river to retreat while still in air. The plane was en route to Cleveland and Chicago from New York.

Rierson's home was in Troy.

Idaho Postoffice officials said Mr.

was regarded as one of the most efficient pilots in the service. He had a similar accident in which a plane took fire, some time ago, they said, but extinguished the flames while still in air. The accident at Morristown was the fourth case of a mail plane taking fire, it was added.

# DEMPSSTER FAVORS GAS FRANCHISE

Council President Will Vote For Contract, If Deadlocked  
SAYS PEOPLE WANT SERVICE  
Declares Pressure of Two Ounces Must Be Maintained

President of the City Council W. J. Dempster will cast his vote in favor of a new franchise with the gas company, as recommended by the franchise committee, if it becomes necessary for him to cast the deciding vote in the gas controversy.

Dempster made this declaration to the Lima News and Times-Democrat on Wednesday, at which time it was evident that the council may become deadlocked when the question is put to a vote next Tuesday night, in this emergency, according to the rules of the council, the president casts the deciding vote.

"I think the franchise committee has as good a recommendation as it is possible to make at this time," declared Dempster in explaining his position to the public. "I think it would be folly to hold the gas company to their present contract, as field conditions have been shown to be much worse than they were last winter, when there was a gas shortage," he continued.

Dempster declared what the majority of the people are interested in is service, and that with the present field conditions satisfactory service cannot be given, even though the gas company lives up to their present contract. He said a new ordinance will be drafted according to Councilman Berry's idea of one "with teeth in it." A provision will be made, he declared, whereby the gas company is to make a refund of 50 per cent at any time the pressure is lower than two ounces. A record of the pressure will be kept on a recording gauge in the service director's office, according to present plans.

Little change in the attitude of councilmen has been noted since the recommendation of the franchise committee was presented to council on Monday night at the council chambers on W. High-st. Tavin, Jones and Schuler are holding the gas company to their present contract, while Berry, Reed and Price are standing firm for a new franchise, granting a rate for a mixture of natural and artificial gas, without a service charge. This leaves Goshel and Tierney the only councilmen whose votes are doubtful. Tierney has made no definite statement, and Goshel declared he had not decided yet how he will vote. "You may say that I will vote on what I think is the best thing for the citizens of Lima," was Councilman Goshel's only statement.

Officials of the gas company deny emphatically the statement of Councilman Tavin that Cincinnati has a rate of 40 cents per thousand, with a five cent discount, for a mixed gas. Immediately following publication of this statement, Frank L. Pringle, of the gas company, declared he made a trip to Cincinnati, where he learned that natural gas only is used in that city.

FARMERS PLAN BIG WHEAT POOL

Would Reduce Prices By Controlling 40 Percent of Supply

COLUMBUS.—(By Associated Press)—Formation of a gigantic wheat pool in the United States, whereby the farmers will virtually control the marketing and selling of the grain, is one of the more important things to be planned here by farmers attending a three days session of the National Board of Farm Organization.

More than 150 farmers, representing, it was said, practically every agricultural state in the Union, are in attendance.

The Board of Farm Organizations now control 1,500 grain elevators in the country, and does a yearly co-operative farm business of \$2,000,000,000 according to officials.

Plans are to take over, or build, grain elevator at every point where wheat is shipped. It will be possible, it was said, to control 40 percent of the country's wheat output. "Profits will stabilized, and prices to the consumer greatly reduced," said Charles S. Barrett, Union City, Ga., president of the organization.

Little change in the attitude of councilmen has been noted since the recommendation of the franchise committee was presented to council on W. High-st. COX BREAKS TOOTH ON PLUM; CALL FOR DENTIST

COLUMBUS.—Governor Cox, who has declared war on the Republican campaign fund "plums" Wednesday, placed a personal embargo on ultima of the garden variety.

A big blue plum caused him to break off one of his teeth, and he has found that the blank space interferes somewhat with his speaking. A rush call was sent out for a dentist, and the governor has been assured the tooth will be fixed before he starts his western tour Thursday night.

POLICE ARREST THIRD OF PARTY OF SOLICITORS FOR COLUMBUS AUTHORITIES

Helen Guring, 18, Shepard, Ohio, arrested by police at noon Wednesday, was the third of a crew of magazine subscription solicitors arrested by Lima police for Columbus authorities. According to Chief of Police Roush, the girl is wanted by juvenile authorities.

Dorothy Kiser, 13, Columbus and E. Tifer, 22, Akron were arrested Tuesday.

Tifer told police he is a field manager for the Periodical Sales Co. of Chicago.

A telegram from Columbus Wednesday afternoon said officers would arrive here Thursday to take the trio to Columbus.

PICKING JURY TO TRY DEFIAINE MURDER CASE

DEFIANCE, O.—Seating of a jury protracted slowly here Wednesday when man after man of the third venire refused to sit on the case of Joshua Hotham, farmer, hanged with heating to death with a leather strap. Arthur Gerald Bullock, three year old son of his housekeeper.

The majority of the men summoned were excused on the grounds of prejudice, which they were emphatic in confessing. They reflected the sentiment of the county which appears to be strongly against Kinsler who is kept under heavy police guard to protect him from violence of any mob.

MEN AND MATTERS.

Miss Helen Graham, clerk in the office of J. P. Cleon, clerk of courts, has concluded her vacation and returned to her duties. Mrs. Clara Douglass, also a clerk, is now enjoying her annual vacation, part of which she will spend in Chicago.

The twelfth annual reunion of the Akerman family will be held in Jackson park, Lafayette, Saturday, September 4. The program will begin at 9:30 o'clock. Mrs. Etta Craig is secretary of the reunion association. The Akerman family numbers many prominent people in Allen and adjoining counties as their descendants.

More than 150 farmers, representing, it was said, practically every agricultural state in the Union, are in attendance.

The Board of Farm Organizations now control 1,500 grain elevators in the country, and does a yearly co-operative farm business of \$2,000,000,000 according to officials.

Plans are to take over, or build, grain elevator at every point where wheat is shipped. It will be possible, it was said, to control 40 percent of the country's wheat output. "Profits will stabilized, and prices to the consumer greatly reduced," said Charles S. Barrett, Union City, Ga., president of the organization.

Little change in the attitude of councilmen has been noted since the recommendation of the franchise committee was presented to council on W. High-st. Tavin, Jones and Schuler are holding the gas company to their present contract, while Berry, Reed and Price are standing firm for a new franchise, granting a rate for a mixture of natural and artificial gas, without a service charge. This leaves Goshel and Tierney the only councilmen whose votes are doubtful. Tierney has made no definite statement, and Goshel declared he had not decided yet how he will vote. "You may say that I will vote on what I think is the best thing for the citizens of Lima," was Councilman Goshel's only statement.

Officials of the gas company deny emphatically the statement of Councilman Tavin that Cincinnati has a rate of 40 cents per thousand, with a five cent discount, for a mixed gas. Immediately following publication of this statement, Frank L. Pringle, of the gas company, declared he made a trip to Cincinnati, where he learned that natural gas only is used in that city.

COX BREAKS TOOTH ON PLUM; CALL FOR DENTIST

Would Reduce Prices By Controlling 40 Percent of Supply

COLUMBUS.—(By Associated Press)—Formation of a gigantic wheat pool in the United States, whereby the farmers will virtually control the marketing and selling of the grain, is one of the more important things to be planned here by farmers attending a three days session of the National Board of Farm Organization.

More than 150 farmers, representing, it was said, practically every agricultural state in the Union, are in attendance.

# TOO MUCH FALL CLOTHING

## Hats and Furnishings

It has always been the policy of this store to be the first to show the new merchandise each Season and to attain that ambition it has been necessary to give very early shipping dates to expect even reasonably early delivery.

Also for the past few seasons, merchants have been obliged to purchase beyond their requirements, that the quota would meet actual needs, and while there is no apparent prospect of any lowering of manufacturer's prices, they are beginning to catch up with pro-

duction to the extent that early shipments of Fall Merchandise have over-supplied us for the Season and which must be paid for within the next Thirty days and to meet the demands that will be made, we are offering NEW FALL MERCHANDISE at prices that will turn it into cash to meet our obligations and at the same time reduce our stock in proportion to our needs.

Here it is—New Fall Merchandise of the usual JOLLEY - CHENOWETH high grade quality at prices lower than we could replace with the same grades.

## THE ROOM WITH THE TASSELS

By Carolyn Wells

The arrival on the scene of the two doctors cut short further discussion. "There is a strange condition of things," Crawford began, addressing himself to Wynne Landon. "We find decisive, the very slight evidence that Mr. Bruce died from poison."

A hush followed, as the stunned heifers that over the grave significance of this statement.

"Poison?" repeated Landon, dazedly. "What sort of poison? Who administered it?"

"As I said," resumed the coroner, "it's a strange case. The poison found is the imputous quantity of a very powerful drug, known among the profession as strichnine hydrochlorate. This is so deadly that a half grain will kill a man instantly, or in a few seconds. But my colleague and I have agreed that since it's impossible for this to have been administered at the moment of Mr. Bruce's death, it must be that he had taken it in cumulative doses, and the result culminated in his sudden death."

"Why would he take it?" cried Milly.

"Where could he get it?" asked the Professor. "Such a drug is not available to the general public, is it?"

"It is not, sir, but whoever gave it to him, must have procured it somehow. Those questions are for the future. We are just learning the facts. The results of our tests prove positively the presence of that particular poison. There is no doubt of that."

"But wait," and Eve fled her compelling eyes on the coroner's face. "Remember, Doctor Crawford, that you may not believe in the occult, other and wiser minds do, wish to remind you, therefore, that we who believe these deaths were caused by supernatural agency, believe also that the powers that compassed the deaths are able to make the deaths seem attributable to natural causes, whether poison or anything else."

"Eve!" exclaimed Milly. "that is going too far!"

"Not at all," said the Professor. "Miss Carnforth is quite right; and indeed logic must prove that if a phantom can take away a human life it can also produce effects that resemble conditions brought about by human means."

"I repeat," the coroner interrupted, "these things are beside the question. We are conducting an autopsy, not an inquest, at present. I am giving you my report as a medical man, not as a member of the police force. Those other matters will be considered later. We have completed our examinations in the one case, we will now proceed to the scene of the other victim."

"They killed each other," Mervin broke in, nodding his head in the positive manner he affected. "Leastwise, one of 'em killed both of 'em, of course. Miss Carnforth, she wasn't no murderer!"

"Wait till you are called upon to testify, my man," and Crawford glowered at the forwardness of the old hatter.

"I'll be testifyin' on both sides," volunteered Stebbins, speaking a little belligerently.

Crawford turned on him, and it was easily seen that enmity existed between these two. "You, Lillian Stebbins, keep quiet," he admonished. "There's them that says you know too much about these doings, anyhow."

"What do you mean by that?" Stebbins' eyes glowed with anger.

## GIRLS IN BAD HEALTH

Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot, weary after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been eminently successful in controlling the diseases of women. Why don't you try it?

## SOCIETY : CLUBS : PERSONAL

BY MARGARET SIMPSON

An unusually interesting match will be played by the women golfers of the Shawnee Country club and the women golfers of Piqua at the Shawnee Country club on Thursday. This will be an eighteen hole match and more than fourteen women golfers of Piqua are expected to attend.

Following the game, a luncheon will be enjoyed by the participants.

Mrs. E. W. Stump, Mrs. F. G. Stump and Miss Martha Mabel Bresce, delightfully entertained the members of the Pythian Sisterhood with a garden party for the pleasure of the Past Chiefs of the organization and Mrs. R. C. Treaster, Kansas City, Mo., a former member of the Lima chapter. The affair was given at the E. W. Stump home, S. Johnson Ave. Tables for checkers were arranged in the garden and chairs were placed in the pergola for the guests enjoying the afternoon with needlework. Tea was served at 5 o'clock.

Officers of the Association include: Mrs. J. W. Vogelsang, Mrs. C. D. John, Mrs. O. A. Johns, Mrs. K. Yant, Mrs. C. G. Crosser, Mr. Christ, Mrs. J. W. Jackman, Mrs. O. E. Daugherty, Mrs. G. S. Wood, and Mrs. Treaster.

Members of the organization enjoying the affair were: Mrs. J. C. Arbaugh, Mrs. Bellin Simpson, Mrs. R. J. Robbins, Mrs. C. C. Cowles, Mrs. C. A. Miller, Mrs. L. J. Morris, Mrs. J. W. Tucker, Mrs. W. H. Howlett, Mrs. E. A. Hammer, Mrs. Clarence Bresce, Mrs. Wallace Landis, Mrs. J. W. Blackburn, Mrs. George Blair, Mrs. J. Thomas, Mrs. C. A. Preble, Mrs. J. Clifford Wood, Mrs. Court, Mrs. R. E. Ebersole, Mrs. W. A. Fisher, Mrs. Leroy Long, Mrs. T. Longsworth, Mrs. O. E. Mannion, Mrs. William McClure, Mrs. N. Meyers, Mrs. Carolyn Schumers, Mrs. Williams and Mrs. McAffe.

Plans for the future work of the Political Equality club were discussed at the interesting meeting on Tuesday afternoon at the Public Library. Since the vote has been granted to women, the purpose of the organization changes and the meetings will be devoted to the instruction of women in voting. It was decided to open the Citizenship school on Friday, September 3rd at the Chamber of Commerce with Mrs. W. E. Crayton in charge. Classes will then be held regularly every Tuesday evening at 7 o'clock and Friday afternoon at 2 o'clock in the Chamber of Commerce rooms. At the first class "Registration" will be studied and every woman is urged to attend.

A committee including Mrs. D. L. Sherwood, Mrs. Harry Workman and Miss Drusilla Reilly was appointed to nominate officers for the League of Women Voters into which the present organization will merge. The election will take place following the class on Friday evening. Another committee was appointed to plan a program for Ratification Day to be held in September. Included are Mrs. Frank Boone, Mrs. W. E. Crayton, Mrs. Mallon, Mrs. Ross Mullen and Mrs. E. B. Oglevie.

The treasurer, Mrs. D. L. Sherwood gave a report and pamphlets "Facts for Women Voters of Ohio" were distributed to the members. Some other interesting literature will be distributed at the first class in Citizenship.

Mr. and Mrs. Mack P. Coll, who leave soon for California, were honored guests at a beautifully appointed 7 o'clock dinner given at the Shawnee Country Club Tuesday evening with Mr. and Mrs. William L. Russell as host and hostess. Centering the table were two large flat baskets of pink and lavender asters tied with tulle, white small crystal vases of asters surrounded the centerpiece. Lavender cathedral candles in crystal holders tied with lavender tulle, burned throughout the dinner. The appointments were carried out in pink and lavender. A large, corsage bouquet marked the place of Mrs. Coll, who was also presented with a dainty electric sheer. Covers were laid for:

Mr. and Mrs. Coll, Mr. and Mrs. O. B. Solfridg, Mr. and Mrs. W. L. Parmenter, Mr. and Mrs. A. W. Wheatley, Mr. and Mrs. Clem Baxter, Mrs. S. A. # 'TIS A WELL MADE PICTURE, BUT-

Lady Rose's Daughter" Has Merit and Interest

PRAISE IS NOT MERITED

"Go and Get It" Starts At Regent Wednesday

By ESTHER WAGNER.  
ADY ROSE'S DAUGHTER is a tale which throws a shaft of light on three generations of susceptible ladies, grandmother, mother and daughter, all played by Elsie Ferguson.

Lady Meade found her husband insufficiently entertaining, and ran off with a handsome lover in 1860.

Lady Rose, her daughter, also tired of her husband and ran off with a gay fellow in 1890.

It appears that this susceptibility is passed on to the granddaughter, and that brings the tale down to about 1919.

Scene: London, England.

Anyone familiar with fiction and drama of that period will not be surprised to find the man sitting in his chambers or bachelor apartment, and the innocent but imprudent heroine dropping in on him unexpectedly at night.

True to form, another caller comes rattling at the door, and the lady runs to hide in an adjoining room. We know, of course, she will leave something behind to give herself away. We ought to be excited. But we have seen the things done too many times, with all possible variations.

Well, at the end of the tale one finds that the family history has been reversed. The gay fellow meets accidental death and the heroine is happy in marriage with the man who is rather more estimable, and not too dull.

But this seems to have depended on chance, and one has to take it on faith that she remains happily married. That's not difficult. But the action seems rather to have obscured what idea, if any, there was in the original tale by Mrs. Humphrey Ward.

A well-made picture, not without interest and merit, but hardly to be praised.

It shows here soon.

"GO AND GET IT"

Today at the Regent starts Marshall Neilan's massive production, "Go and Get It," a story of the newspaper world, starring Agnes Ayres and little Wesley Barry, better known as "Freckles."

You are about to receive a substantial "back pay" remittance. Why not establish a "Reserve Fund" with it?

What is a reserve fund? It is an amount of money set aside from earnings each year to meet unexpected expenses or possible losses. It may never be needed but if it is needed, it is always ready.

Most all corporations are required to have such a fund and every individual should have one. Sickness, lack of employment, vacation, old age, are a few of the things that may make a reserve fund a convenient thing to have.

myself. Arline says she is sure of

I suppose in a way I lay myself open to such lonely and misunderstood men, for I am alone in my deck chair a good deal, and they no doubt mistake my quietness and dreamy absorption in the sea as an evidence of great loneliness or something. They little know how bored I am at times (when not laughing with Miss Lyons), how I am half the nice girls after all. They chit-chat and murmur absurdities when they would much prefer to be laughing or sky-larking in their own fashion. I'll allow any daughter of mine to follow her own bent in the way of pleasure if I ever have one. How much better men and women would get on with each other if only they would be honest about themselves; just be natural and frankly happy and do and say what their hearts and heads dictate. I was born a little savage, that is, if an absolutely natural and frank person can be considered a savage, and they usually are, but I do wish that they had been allowed to develop along those purely barbaric lines. Never mind, the day will come, later, when I shall be really free.

## Wife Was Growing Worse Day By Day

CLAIMED SHE HAD A VERY BAD STOMACH AND LIVER TROUBLE. CONTINUED WEAK, NERVOUS AND PALE. THE GREAT HERB REMEDY DRECO, BROUGHT HER OUT QUICKLY AND NOW SHE IS WELL AND STRONG AGAIN.

"FOR six weeks my wife laid in bed from flu and after getting up could not regain her strength, though she had taken much medicine," said Mr. A. L. Huber the popular Big 4 engineer residing at 1013 North Main street, Bellefontaine, Ohio.

"They told her she had a bad stomach trouble and sluggish liver, yet none of the medicine she took did any good. She kept going down all the time. All the color was gone from her cheeks, she was weak and nervous with no appetite. Her kidneys were also deranged and frequently had terrible backaches.

"All of us are delighted with her great improvement since she has been taking Dreco, really she is like herself again—full of life and happy. Her appetite is fine, stomach no longer bothers but digests everything without forming gas, her liver seems perfectly normal again and she sleeps like a baby. There's nothing too good for me to say about Dreco."

Dreco has won a wide reputation for rebuilding run-down weakened system for women and children. It is pleasant to take and good results are quickly seen.

All druggists now sell Dreco and it is being especially introduced in Lima by Baldwin's Central Drug Store, corner Main and High streets.

## HALLORAN BOOKS BIG BASEBALL BILL FOR SUNDAY

By JOE BERNSTEIN

LIMA will not be wanting for sports during the labor day period. By no means, not if the weather is good and present plans are carried out.

The day itself will be amply taken care of by the big athletic field and track meet being staged by the Lima Industrial Athletic Association at Faurot park, without cost to anyone who cares to see the physical wonders of the city perform.

Preceding labor day, Boride Halloran has arranged for enough baseball to make up for all the games that have been postponed this year because of rain.

It's a doubleheader, and a classy one, that the independent manager has booked for the day before the holiday, and it's going to offer some real baseball.

The Dayton Rubbers, as originally announced will open the afternoon with the first game. To top off the day, Halloran has booked the Findlay team for a second battle. Two new hurlers have been engaged by Halloran to handle the slab work of the independents on that day.

Cunningham, the Ohio Steel Industrial League pitcher who has been burning up the sandlot outfit is one of them, and McCuskey, former Red pitcher is the other. Cunningham will probably work against Findlay while McFloskey will work against the Rubbers.

Originally, Halloran says, it was planned to play one game Sunday and another on Labor day—but he didn't want to interfere any with the industrial field and track meet on Monday, so he just arranged his schedule to take care of two games on one day.

## HALLORAN'S GIVING HOME BOYS CHANCE

Bernie Halloran is certainly giving the sandlot boys of this city an opportunity to show their calibre this year. He's taking the boys out of the Industrial League and giving them a chance to go one step higher in the game.

Cunningham is the fourth man who Halloran has picked off of a sandlot aggregation this year for a chance to prove whether he can play with the independents or not.

Boie, the East Iron liner was his first, and despite his defeat at the hands of St. Marys last Sunday, he made good. Connell of the B team was the second, and he

too is proving that he's as good as lot of 'em when it comes to fielding.

Connie of the Leised Wimmins team is the third, but his opportunity was a short one. He played in right field for the independents last Sunday. He will probably be given another chance later.

Looks like Halloran is trying to make a real Lima team made of Lima players who can play real ball.

Cunningham is a southpaw, and a southerner at that, will probably hurt against Findlay this Sunday. He's an Industrial League favorite and it is known as "Chattanooga" on the sandlots.

The hall-mark is the straight line from catcher to centerfield. If any catch ever justified the ancient theory or superstition that that

straight line means a good club, the Sox have done it.

Ray Schatolek, the most spectacular if not the best catcher in the game; three better-than-ordinary pitchers in Cicotte, Williams and Kerr to take the box; Eddie Collins the perennial peer of second basemen, and "Hap" Felsch probably the surest outfitfielder in the major leagues—those men comprise the miracle line.

The Sox are not so weak as appears at first glance. Their third baseman, Buck Weaver, must be ranked with the greatest, "Swede" Risberg as a shortstop is coming fast offensively and defensively and Joe Jackson the Sox have one of the big hitters of the game.

The weakness has been a shortage of regular winning pitchers and at first base, the detection of Chick Gandil robbed the Sox of a clever fielder and a dangerous hitter. His place has been taken this year by Ted Jourdan, a flashy fielder but hardly of big league class as a batter, and Jim Collins, outfitfielder.

The last stretch of the 1920 race started Wednesday, with New York, Cleveland and Chicago bunched in the American League. Brooklyn, Cincinnati and New York were in the fight with only slightly greater distance between them than there is between the leaders of the other circuit.

In both leagues the month of September opened with changes in position. Cincinnati was warped out of first place by Brooklyn, the Reds losing to Boston and the Robins defeating St. Louis.

Cleveland, in the American League, slipped once more into second place, defeating Washington, while New York fell before the St. Louis Browns. The White Sox also suffered defeat and the margin between the Indians and Sox is a trifling matter of three decimal points.

Eight events have been arranged for the program.

## PICKING A WINNER, HARD

By L. R. BLANCHARD

CHICAGO.—Any one of six major league teams Wednesday can be picked for the winner of the world series. Not in recent times has there been so close a race in the two organizations—with three teams in each loop practically tied for first honors.

The last stretch of the 1920 race

started Wednesday, with New York,

Cleveland and Chicago bunched in the American League. Brooklyn, Cincinnati and New York were in the fight

with only slightly greater distance between them than there is between the leaders of the other circuit.

In both leagues the month of September opened with changes in position. Cincinnati was warped out of first place by Brooklyn, the Reds

losing to Boston and the Robins defeating St. Louis.

Cleveland, in the American League, slipped once more into second place, defeating Washington, while New York fell before the St. Louis Browns. The White Sox also suffered defeat and the margin between the Indians and Sox is a trifling matter of three decimal points.

The healthy, robust, red-blooded American Boy plays hard during vacation. He uses every ounce of his seemingly unlimited vitality to get the best out of his mid-summer days.

Usually his clothes show it. Everything he had at the end of school last year now seems threadbare and mis-shapen.

Be happy if this is the case with your boy; for it's easier and better to buy new clothes than to pay doctor bills. And we're here to outfit the little fellow at prices that are a delight and refuge to worried parents these days of high prices.

## Short Shavings

A Dutch pastor makes it a point to welcome any strangers cordially and one evening after the comple-

tion of the service he hurried down and expressed the hope that she would be a regular attendant. Finally he said that if she would be at home some evening during the strengths in the congregation. The week he would call.

A Swedish girl was one of the strongest in the congregation. The week he would call.

He welcomed her to the church. At the golf links, Joseph A. Harron of Ozon Hill, near Phila-

delphia, was accompanied by his six-year-old son and contented him self with watching instead of playing. What interested his boy most was the way other boys went thru the tall grass, picked up "lost balls" and got ten cents apiece for them. The lad disappeared but soon returned with a ball which he offered at the club headquarters for ten cents.

"That boy of yours has a head for business," said an attendant, turning to Mr. Harron, who had just come up. "I don't know about that," said Mr. Harron. "Those balls cost me \$1.10 each. If my son sells them to the club for ten cents, where do I come in?" Investigation showed that the ball had been taken out of Mr. Harron's supply in the locker room and not out of the tall grass.

He welcomed her to the church.

## "Aunt Sally—she knew how all right"

WHEN I was small,  
I USED to watch  
AUNT SALLY,  
PUT UP fruit,  
AND VEGETABLES,  
FOR THE winter.  
I REMEMBER how,  
SHE PACKED it all,  
IN CLEAN glass jars,  
AND SEALED the tops,  
WITH PARAFFIN.  
TO KEEP out.  
ALL THE air and keep.  
THE JUICY flavor in,  
AND ALL the winter.  
THANKS to her,  
WE HAD the fruits,  
OF SUMMER on our table.  
SO WHEN I happened  
ON SOME cigarettes,  
WRAPPED NEATLY in,  
IN A glassine jacket,  
I DIDN'T think,  
IT WAS just for looks.  
BUT RATHER that,  
THE EXTRA wrapper,  
KEPT AIR and dampness,  
ALL OUTSIDE.  
AND GOODNESS in.  
SO THAT'S another.  
BLAME GOOD reason why,  
THEY Satisfy!"

QUITELY right, that neat glassine jacket isn't just for looks. It protects your Chesterfields from the weather—seals in the flavor of these wonderful Turkish and Domestic tobaccos—keeps them in prune shape for smoking! Rain or shine, winter or summer, Chesterfields always "satisfy"!

More And More Reports  
From Lima People

For 30 years Doan's Kidney Pills have been helping kidney sufferers. More than 300,000 people in the United States alone have publicly told their own townspeople how Doan's have benefitted them. Scores of users right here at home tell how this old, time-tried kidney remedy rid them of kidney backache, dizzy spells, daily headaches, kidney irregularities and other annoying forms of kidney weakness. Read this home testimony; it should be convincing proof. Ask your neighbor!

ANOTHER LIMA CASE  
Mrs. E. C. Stoltz, 221 W. Vine St., says: "Whenever I have needed a kidney remedy I have used Doan's Kidney Pills and they have always brought me fine relief. When I over-worked or a cold had settled on my kidneys, I have had a steady dull ache in my back. Doan's Kidney Pills have always corrected the trouble. Backache and all the other trouble has disappeared.—Adv.
